11.00 - 11.45: Managing Marketing Spend Efficiently in Challenging Times

As global economic issues put pressure on companies to maximize their marketing investments, marketing procurement continues to play a vital role in delivering greater value to brands. RightSpend will examine the various factors impacting costs today and highlight what works and what doesn't in helping brands achieve greater transparency in their agency spend.

Speaker Presentation with Q&A: Iain Seers CEO, and George Roumanis, Partner, RightSpend

11:45 - 12.00: Coffee Break

12.00 - 12.45: Taking control of your assets

Undoubtedly the biggest trend and overarching theme of the last 5-10 years, is advertisers taking back control of their assets. Designing the right ecosystem of production partners is an essential first step. In this session, Claire will identify the biggest drivers of improved cost, quality and agility in production.

Speaker Presentation with Q&A: Claire Randall at Claire Randall Consulting

1.00- 2.00: Buffet Lunch

2.00 - 2.45: Best Practices for Managing Global Talent & Licensed Element

The production ecosystem is increasingly complex as advertisers source content from multiple creative partners. In this environment, controlling the usage rights of your assets is critical. In this session TTC will dive into the best practices for effectively securing and tracking talent and licensed element rights.

Speaker Presentation with Q&A: Greg Smith, President, The TEAM Companies & Mark Egmon, Vice President Marketing & Corporate Communications, President, The TEAM Companies

Marketing Procurement and Financial Management Summit

October 11 2022
CHICAGO

2.45 – 3.00: Afternoon Tea

3.00 – 3.45: Artificial Intelligence. Industry friend or foe?

Artificial Intelligence has been bandied around for the last few years – it will either swallow all of our jobs, completely stifle creativity, take over production and fully automate media planning and buying. Not so fast!!! This session highlights how artificial intelligence can help brand and agency teams deliver greater ROI by optimizing content before significant production and media costs are incurred. The session will examine a wide range of use cases from leading global brands showing how they use Dragonfly's predictive tools to optimize content in multiple forms deployed across a myriad of channels.

Speaker Presentation with Q&A : David Bon throne, Senior Advisor, DragonflyAI

3.45 – 4.15: Discussion and Analysis Workshop

The day finishes with a workshop session where delegates will have the opportunity to exchange knowledge and gain insights into three key areas of media transparency, marketing costs and production efficiencies & asset management.

Chaired by Geoff Hall, Founder & Publisher, Producers & Procurers iQ www.pxpiq.com
